

Reproducible and Editable Workplace Wellness Tip Sheets Use

Welcome to WorkExcel.com Tip Sheets for EAPs and Workplace Wellness

We offer professionally authored wellness tip sheets—some free and others sold—in downloadable zip modules, each with three formats. Two formats are editable—MS Publisher and MS Word with Graphics. The third is a PDF. You will usually find our latest catalog all tip sheet offering included in the zip.

Wellness tip sheets are written and produced by licensed mental health professionals, workforce management experts, and employee assistance professionals.

Each tip sheet or flyer is written for simplicity, accuracy, and insight with actionable and effective content that delves deeper to give your readers more value.

For purchased tip sheets, you agree to not post them openly in a way that would allow anyone on the Internet to access them without authorization. We recommend a password or at least a Web page that is not indexed so that search engines do not show the page. Your webmaster or technology staff can assist you with this provision. The free tip sheets we distribute do not have these restrictions, but it is appreciated if you can give us a back link somewhere on your Web site, such as Tip Sheet courtesy of WorkExcel.com [<http://workexcel.com>]. Google gives huge weight to these backlinks.

All tip sheets are amendable, editable, and brand-able with your logo/program name. Feel free to use them in this manner.

Send, copy, and distribute PDFs of tip sheets to employees, patients, clients, students, family members, community groups, or other individuals that you serve.

The copyright mark on tip sheets must remain, or you may edit the tip sheet to include only ©DFA which ever is less distracting to readers than our URL.
